Nomination letter for Frédéric Piccavet for Vice President of the European Youth Forum

Dear European Friends,

With this letter, the *Forum des Jeunes (FJ)* wants to officially nominate Frédéric Piccavet as our candidate for Vice President of the European Youth Forum for the years 2021-2022.

The *Forum des Jeunes (FJ)* is a long-time member of the European Youth Forum and closely cooperates with the *Vlaamse Jeudgraad (VJR)* and the *Rat der deutschsprachigen Jugend (RdJ)* in order to promote the interest of the Belgian youth on a European level. In this context, we co-nominated two years ago Frédéric as our candidate for the board of the European Youth Forum.

During the last years we were able to experience the motivation and engagement that Frédéric put into his work as representative of VJR and as board member of the YFJ. Frédéric has shown his commitment and has used his undeniable experience to advance fights that were important for our national youth council and for the Belgian youth in general. He strongly focused on the fight against unpaid internships and work on an advice on the Future of Work and on quality standards for the Youth Guarantee.

We think that Frederic will be the right person for the Vice President position. We are convinced that the expertise he gained, his deep knowledge of the European Youth Forum and his vision of the challenges that need to be faced on the European level would be of great added value for the work of the YFJ.

Should you have any question, don't hesitate to contact our organization.

Kind regards,

Robin Muzzarrelli
Co-President of the Forum des Jeunes
